Welcome New Members!

All of the current members of the high school band program and the incredible professional staff wish to welcome the incoming freshman class and new members. Being a part of the high school band automatically makes you a part of a huge, talented, fun, and creative family! For incoming freshman, this is an incredible way to make many new friends, before school even officially begins. The next four years will go by very quickly, but will be packed with experiences and memories that will last a lifetime.

Everyone CAN schedule band! Moving up to a new school can be stressful. Scheduling may seem confusing. By planning your next four years now, you CAN and NEED to fit band into your schedule!
